Rockton/Groundwater contamination incident

March 11, 1985

E. E. Trull
900 North Prairie
Rockton, IL. 61072

Dear Dr. Trull:

Enclosed is information you have requested regarding groundwater elevations. I hope you find it useful in understanding the unfortunate situation in your neighborhood.

We have forwarded the information we have about the incident to our headquarters office in Springfield. Our headquarters staff will prepare a preliminary assessment and refer it to USEPA for calculation of the Hazard Ranking Score (HRS). The score will be used to determine the priority this situation will receive for use of State and Federal clean-up funds.

If you have any questions please contact Robert Munger at this office.

Sincerely,

Robert A. Wengrow
